

AMERICAN TYPE HOSE CLAMP

Great for used in a leaking environment with intense vibration and under high pressure, like emission control, fuel lines and vacuum hoses, industry machinery, engine, tube (hose fitting) for ship, etc.

• Stainless steel adjustment screw

• Stainless steel continuous band

• Off-set one piece gear box, to prevent "twist"

• Embossed asymmetrical threads

• Rolled edges, to prevent hose damage

American Type Hose Clamp

- Durable steel construction and the bands have clean punched rectangular perforations that hold strong and connect easily
- All stainless steel perfect for applications requiring greater resistance to corrosion
- Great for used in a leaking environment with intense vibration and under high pressure, like emission control, fuel lines and vacuum hoses, industry machinery, engine, tube (hose fitting) for ship, etc.
- Material : 400 / 300 grade stainless steel

Part No.	SAE Size	Band Width mm (inch)	Clamping Range Ø	
			mm	inch
