

CABLE TIE TENSIONING TOOL

FEATURES & BENEFITS :

- Quickly and safely installs nylon cable ties around cable bundles
- Easy to operate cut-off mechanism that trims excess cable tie strap
- Non-slip cushioned handles for comfort and control
- Designed for work with cable ties at 178 ~ 778 N (18.2 ~ 79.3 kgf / 40 ~ 175 lbf)

OPERATING INSTRUCTIONS :

1. Cinch cable tie around items to approximate bundle diameter.
2. Insert exposed cable tie strap into the slot by the cutter blade and then into the slot by the gripper.
3. Squeeze tension handles together until desired bundle tension is reached.
4. Continue holding tension handles together and squeeze cutter handle until cable tie strap is cut off.
5. Finish.
