

Anti-Fog Protective Goggles

Over the glass design

Elastic temple tips

Personal Protective Equipment

High velocity impact resistant

- Impact-resistant and shatterproof PC material.
- Pass ANSI Z87.1 Spectacles High-Velocity Impact test - protecting your eyes from hazards as dangerous as flying shrapnel in extreme situations.
- Anti-fog lens offer clear vision when exposed to conditions with water vapor.
- Full area shields protection not only against wind, dust, droplets but also shock.
- OTG (Over The Glasses) design - The space can be shared with myopia glasses.
- Elastic temple tips provide good flexibility which let you free from ear pain and glass slipping.
- The smooth nose pad and lightweight make it very comfortable to wear even after long shifts.
- Could be used in various situations, such as laboratory work, woodworking, mowing, gardening, drilling, sanding and protection from disease infection via the eyes.
