

ONE PIECE FIXING TIES WITH FIR-TREE AND DISC

Fastening System
Engineering Fasteners

- One-piece fir-tree design with disc is similar to push mount cable ties but the disc can enhance the stability of fixing and avoid dust and water invasion
- Additional cured tab below the buckle will fasten and maintain bundles on the axial
- Fir-tree push mount design applied to various thickness of board or one-side thread hole
- Applied to different industries such as automotive, aviation, white goods manufacture, and panel building
- **Special specifications supplied by customers' order**
- Material: Polyamide 6,6, UL94V-2
- Color: Black
