

# PUSH MOUNT CABLE TIES WITH DISC

Fastening System  
Engineering Fasteners

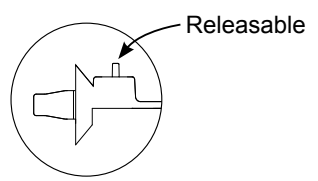

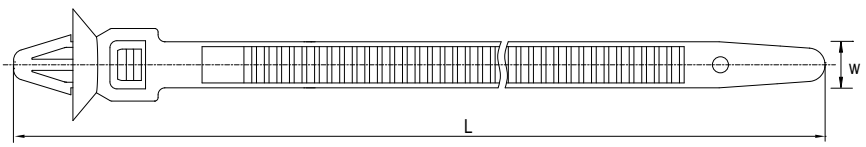

- Push mount design with disc can enhance the stable of fixing and avoid dust and water invasion
- These ties are ideal for fixing bundles along a wide range of surfaces materials such as sheet metal, wood, or cast iron
- One-piece, all plastic ties for quick, simple cable mounting
- Applied to different industries such as automotive, aviation, white goods manufacture, and panel building
- **Special specifications supplied by customers' order**
- Material: Polyamide 6,6, UL94V-2
- Color: Black
